# Welcome From Chloe

Hello lovely,

I'm Chloe Mandair, founder of AMOR Beauty Clinic. I created this guide for women who want to look and feel like the best version of themselves — without looking *“done”*.

If you've ever felt unsure about aesthetic treatments, you're in the right place. I believe in enhancing, never altering — and everything we do at AMOR is designed to be subtle, natural and empowering.

This guide is your first step toward understanding the art of refinement. Let's begin.

With love,  
Chloe x  
AMOR Beauty Clinic

# The AMOR Philosophy

---

**At AMOR, we believe:**

**Less is more.  
Confidence is quiet.  
Your face should still look like you.**

Every treatment is designed with facial harmony in mind. We use a “*tweakment*” approach, combining gentle enhancements with clinical expertise.

Whether you're starting with skincare, injectables or skin boosters, we'll guide you every step of the way.

# Top 5 Ways to Look Refreshed

(Not “Done”)

## ***Hydrated Skin = Healthy Glow***

Start with deep skin hydration using Polynucleotides and Skin Boosters.

## ***Tidy the Forehead***

A small dose of anti-wrinkle treatment can smooth lines while keeping movement.

## ***Frame the Eyes***

A brow lift or lip flip can open the face without changing it.

## ***Harmonise the Lower Face***

Lip or chin filler should balance your features, not overwhelm them.

## ***Don't Forget the Neck***

Skin boosters here can subtly lift and firm your profile.

# Signature Treatments

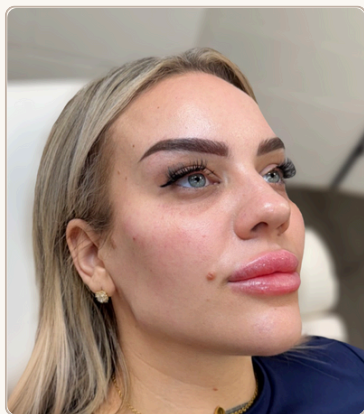

---

## ✨ Skin Boosters

Hydration from within for a plump, radiant look. Polynucleotides are clinic favourites.

## 💉 Anti-Wrinkle Injections

Softens expression lines in a way that keeps you looking like you. Ideal for forehead, crow's feet and frown lines.

## 💋 Lip & Chin Enhancements

Create soft structure and symmetry without dramatic volume. This is a very under-rated duo.

## 💧 Summertime Glow Package

Hyperhidrosis + Lip Booster for radiant confidence (available seasonally).

# Planning Your First Treatment

## **Step 1 - Consultation**

We discuss your goals, concerns and assess your facial structure.

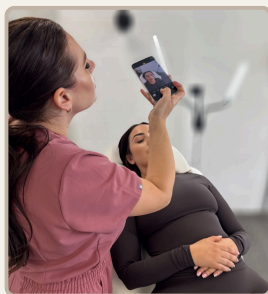

## **Step 2 - Bespoke Plan**

Every client gets a personalised plan, not 'one-size-fits-all' approach.

## **Step 3 - Gentle Enhancements**

We work in stages to ensure natural results.

 **Tip:** Bring a photo of yourself from a time you felt your best — it helps guide your treatment planning.
